

Alberta Gambling Research Institute's 20th Annual Conference

Call for Poster Submissions

Poster presentation sessions will be held during the virtual conference. Researchers should email a 150-200 word abstract to Dr. Robert Williams (robert.williams@uleth.ca). Abstracts should include: title of research, names of author(s) with the presenting author underlined, author affiliation, and contact information. The submission can address any area of gambling research. A best poster award will be adjudicated and presented during the closing session. Submission deadline is Monday, February 1, 2021 (with peer review process and decision notifications by Monday, March 1, 2021). All presenters must register for the conference and will be required to develop a short 3 minute audio with assistance from the AGRI 2021 Conference Poster Coordinator.

NOTES:

Because this conference is focused on Canadian gambling research, we are only accepting posters from Canadian first author gambling researchers or research from international gambling researchers that has been conducted in Canada.

Multiple submissions are permitted.

Poster presentations are limited to 60 for the 2021 Alberta Gambling Research Institute Conference.
