

Wifi Instructions Barrier Lake Field Station

Here are the best ways for you to access the wireless internet at the field station during your stay. If you don't have a remote electronic device we provide wired computers in the main science building.

AirUC – Secure

The AirUC Secure network is for students and staff of the University of Calgary only.

EDUROAM (Access at station)

Eduroam (EDUcation ROAMing) is a wireless network service that allows students, faculty and staff from participating educational institutions to securely access the Internet while visiting other member universities. Users simply use the credentials from their home institution to access the Eduroam network. **List of institutions with access to enduroam:**
<http://www.canarie.ca/identity/eduroam/>

AirUC – Guest (Access prior to arrival)

AirUC-Guest is the network which visitors can create guest accounts for **wireless internet access** across university campuses.

Contact your group coordinator to set up wifi passcode prior to arrival. Please provide your full name, cell phone number and email. This information will be sent to the BGI where an airuc- guest account will be manually created and passwords will be texted/or email. Accounts can be valid for upto 1 month.

Onsite registration is possible, however, with no cell service you will need to use the computer room to access your email. Access to AirUC-Guest will last for **72 hours** and you will need to re-register after this period.

Once onsite, please do not re-register or your password will be invalid, select the “Sign In” option.

The image shows a mobile browser screenshot of the AirUC-Guest registration page. The page title is "WELCOME" and it asks the user to "Please register as a guest for access to the University of Calgary Wi-Fi". The registration form includes fields for "Email Address", "Your Name" (First and Last Name), and "Phone Number" (with an example "140222-8559"). There is a "Confirm" section with a checkbox for "I accept the terms of use" and a "REGISTER" button. Below the form, there is a "Sign In" link for users who already have an account. A red circle with a diagonal slash is drawn over the registration form, and a red box to its right contains the text "DO NOT REGISTER IF YOU ALREADY HAVE RECEIVED A PASSCODE". A blue circle highlights the "Sign In" link, and a blue box to its right contains the text "SELECT SIGN IN IF YOU HAVE A PASSCODE Your email is the login name". At the bottom of the page, there are two buttons: "AIRUC SECURE QUICKCONNECT" and "EDUROAM QUICKCONNECT".
