Postdoctoral Scholars Career Success

Many postdoctoral scholars have launched successful careers in academia, research, industry, and government after completing their training at the University of Calgary.

Eyes High Postdoctoral Scholars

Our Eyes High Postdoctoral Scholar Recruitment Program has helped attract top postdoctoral scholars to our institution. During their tenure here, they challenge our faculty to consider new research directions, they contribute to the university's research capacity, and they have a significant impact on our shared goals of promoting discovery, creativity, and innovation.

Top 8 External Funding Sponsors

In 2018, $21.2M in external funding support from more than 180 external agencies supported over 700 postdoctoral scholars.
