

Research Facilitator Review

Quick Reference Guide

Research Facilitator Review

Purpose:

If applicable to your faculty, a Research Facilitator may want to review pre-award applications during the academic approvals stage of the research life cycle. Records have a status of <u>Submitted for Approval</u>. Records cannot be reviewed once they have a status of For Intake by Research Services.

Audience:

Research Facilitator

Step 1:

Click Award Management in the left menu.

Step 2:

Click **Pre-Award/Applications** in the left menu.

Step 3:

Click **Edit** below the record you want to review. The record opens to Key Information tab.

Step 4:

Review the Pre-award record details.

Step 5:

Click the **Approvals** tab.

Step 6:

Select **Yes** to confirm that the pre-award application has been reviewed.

Step 7:

If applicable, select yes or no to indicate whether this application underwent a formal peer review process as established by your Faculty.

Step 8:

Enter any applicable comments into the Research Facilitator Comments.

Step 9:

- Click Save & Progress
- Select Submitted for Approvals or Pending PI Information (for approvals).
- Click Save & Set Status.
