

OCEC PGME Application Form

Start of Block: Default Question Block

Q1 One Child Every Child, Clinical Transformative Excellence Awards - Application Form
Clinical Research Fellowships for Post-Graduate Medical Education Scholars (PGME)

Note: Applicants to the One Child Every Child, Clinical Transformative Excellence Awards are clinical programs. Program Leads or designate must apply on behalf of the clinical program. Eligible applicants must be affiliated with an accredited clinical program at the University of Calgary or the University of Alberta recognized by the institution's Postgraduate Medical Education (PGME) office.

End of Block: Default Question Block

Start of Block: CONTACT INFORMATION - APPLICANT

Q2 CONTACT INFORMATION

Q4 Institution:

- University of Calgary (1)
 - University of Alberta (2)
-

Q3 Program title

Q5 1. PROGRAM DIRECTOR

Q6 Name

Q7 Email

Q10 2. PROGRAM ADMINISTRATOR

Q12 Name

Q13 Email

End of Block: CONTACT INFORMATION - APPLICANT

Start of Block: PROGRAM'S CLINICAL EXCELLENCE TRACK RECORD (20%)

Q15 PROGRAM'S CLINICAL EXCELLENCE TRACK RECORD (20%)

Q16 Please DESCRIBE your clinical fellowship program in terms of specialty, multidisciplinary, number of faculty/clinical supervisors, program's previous experience of managing clinical fellows, location/facilities, number of other fellows/residents. Maximum 250 words.

Q17 Please list and describe the factors that make your program EXCELLENT in terms of CLINICAL EXPERIENCE (i.e. size/patient case volume, leading practices, multidisciplinary, clinical outcome monitoring, national or international reputation, or unique clinical opportunities). Maximum 250 words.

Q54 Please comment on your program's commitment to Equity, Diversity and Inclusion (EDI): efforts to create an inclusive and supportive environment for all trainees; specific initiatives that promote EDI. Maximum 100 words.

End of Block: PROGRAM'S CLINICAL EXCELLENCE TRACK RECORD (20%)

Start of Block: PROGRAM'S RESEARCH/ACADEMIC EXCELLENCE TRACK RECORD (30%)

Q18 PROGRAM'S RESEARCH/ACADEMIC EXCELLENCE TRACK RECORD (30%)

Q19 Please describe the academic output of your program over the last 5 years (number of research fellows in the program, number of Masters/PhD students graduated, the estimated number of total publications in the program, overall amount of funding received (type of grants), etc). Maximum 250 words.

Q21 Please describe what makes your program EXCELLENT in terms of ACADEMICS (RESEARCH). Maximum 250 words.

Q20 Please provide 2 citations/abstracts of your program's proudest academic achievements in the last 5 years (preferably authored by a research fellow).

End of Block: PROGRAM'S RESEARCH/ACADEMIC EXCELLENCE TRACK RECORD (30%)

Start of Block: TRAINING ENVIRONMENT (40%) • Infrastructure (20%) • Potential Supervisors (20%)

Q22 TRAINING ENVIRONMENT (40%)

- Infrastructure (20%)
 - Potential Supervisors (20%)
-

Q29 INFRASTRUCTURE (20%)

Q24 Please describe the research facilities that will be available to the research fellows (i.e. dedicated desk space, access to computers, software, research coordinator, location, etc.). Maximum 250 words.

Q25 Do research spaces already exist?

- Yes (1)
 - No (2)
-

Q26 Are the research spaces at the same site as the clinical duties?

Yes (1)

No. If the answer is "No", please explain where? (2)

Q28 List up to 3 expected outcomes or skills that the research fellow will develop under this program's supervision. Maximum 100 words.

End of Block: TRAINING ENVIRONMENT (40%) • Infrastructure (20%) • Potential Supervisors (20%)

Start of Block: INFORMATION ON SUPERVISOR # 1

Q30 POTENTIAL SUPERVISORS (20%)

List up to 3 (minimum 1) potential research supervisors in your program that could support proposed research project.

Q51 INFORMATION ON POTENTIAL SUPERVISOR # 1

Q31 Name

Q33 Email

Q34 Faculty/Department

Q35 Appointment (i.e. associate professor, assistant professor, etc.)

Q57 Research Expertise & Accomplishments

3 options:

1- PREFERRED: Upload a Most Significant Contribution Statement (CIHR)

(https://research.ucalgary.ca/sites/default/files/teams/2/Opportunities/Most_Significant_Contributions_Statement_Guide_UCalgary_Feb2024.pdf) as it relates to potential research ideas/projects OR

2- Upload your updated NIH Biosketch OR

3- 1 to 5 pages summary discussing significant publications, grants, awards, and contributions to the field of child health research.

Q39 Number of current research trainees:

- Master's (1) _____
 - PhD (2) _____
 - Postdoctoral Fellows (3) _____
 - PGME Fellows (4) _____
 - PGME Residents (5) _____
-

Q58 Number of students who graduated (in the last 5 years):

- Master's (1) _____
- PhD (2) _____
- Postdoctoral Fellows (3) _____
- PGME Fellows (4) _____
- PGME Residents (5) _____

End of Block: INFORMATION ON SUPERVISOR # 1

Start of Block: INFORMATION ON SUPERVISOR # 2

Q60 Do you want to add a second supervisor?

- No (1)
- Yes (2)

Skip To: End of Block If Do you want to add a second supervisor? = No

Q71 INFORMATION ON POTENTIAL SUPERVISOR # 2

Q72 Name

Q73 Email

Q74 Faculty/Department

Q75 Appointment (i.e. associate professor, assistant professor, etc.)

Q76 Research Expertise & Accomplishments

3 options:

1- PREFERRED: Upload a Most Significant Contribution Statement (CIHR)

(https://research.ucalgary.ca/sites/default/files/teams/2/Opportunities/Most_Significant_Contributions_Statement_Guide_UCalgary_Feb2024.pdf) as it relates to potential research ideas/projects OR

2- Upload your updated NIH Biosketch OR

3- 1 to 5 pages summary discussing significant publications, grants, awards, and contributions to the field of child health research.

Q77 Number of current research trainees:

- Master's (1) _____
 - PhD (2) _____
 - Postdoctoral Fellows (3) _____
 - PGME Fellows (4) _____
 - PGME Residents (5) _____
-

Q78 Number of students who graduated (in the last 5 years):

- Master's (1) _____
- PhD (2) _____
- Postdoctoral Fellows (3) _____
- PGME Fellows (4) _____
- PGME Residents (5) _____

End of Block: INFORMATION ON SUPERVISOR # 2

Start of Block: INFORMATION ON SUPERVISOR # 3

Q62 Do you want to add a third supervisor?

- No (1)
- Yes (2)

Skip To: End of Block If Do you want to add a third supervisor? = No

Q82 INFORMATION ON POTENTIAL SUPERVISOR # 3

Q83 Name

Q84 Email

Q85 Faculty/Department

Q86 Appointment (i.e. associate professor, assistant professor, etc.)

Q87 Research Expertise & Accomplishments

3 options:

1- PREFERRED: Upload a Most Significant Contribution Statement (CIHR)

(https://research.ucalgary.ca/sites/default/files/teams/2/Opportunities/Most_Significant_Contributions_Statement_Guide_UCalgary_Feb2024.pdf) as it relates to potential research ideas/projects OR

2- Upload your updated NIH Biosketch OR

3- 1 to 5 pages summary discussing significant publications, grants, awards, and contributions to the field of child health research.

Q88 Number of current research trainees:

- Master's (1) _____
 - PhD (2) _____
 - Postdoctoral Fellows (3) _____
 - PGME Fellows (4) _____
 - PGME Residents (5) _____
-

Q89 Number of students who graduated (in the last 5 years):

- Master's (1) _____
- PhD (2) _____
- Postdoctoral Fellows (3) _____
- PGME Fellows (4) _____
- PGME Residents (5) _____

End of Block: INFORMATION ON SUPERVISOR # 3

Start of Block: POTENTIAL RESEARCH IDEAS/PROJECTS (10%) - Project #1

Q40 POTENTIAL RESEARCH IDEAS/PROJECTS (10%)

Please list 3 ideas/projects which will serve as the research fellows' thesis or central project.

Q38 Title of Project #1

Q79 Name of the Supervisor(s)

JS

Q4 Please indicate the anticipated start date of Project #1.

	Month	Day	Year
Please Select: (1)	▼ January (1 ... December (12)	▼ 1 (1 ... 31 (31)	▼ 1900 (1 ... 2049 (150)

Q80 Please indicate a formal research question for Project #1 (i.e. in children with hydrocephalus under the age of 2 years, is new shunt (B) associated with improved quality of life (PEDSQL) compared to standard shunt (A)).

Q82 Three to four sentences of background and justification for the research question.

End of Block: POTENTIAL RESEARCH IDEAS/PROJECTS (10%) - Project #1

Start of Block: POTENTIAL RESEARCH IDEAS/PROJECTS - Project #2

Q39 Title of Project #2

Q83 Name of the Supervisor(s)

JS

Q48 Please indicate the anticipated start date of Project #2.

	Month	Day	Year
Please Select: (1)	▼ January (1 ... December (12)	▼ 1 (1 ... 31 (31)	▼ 1900 (1 ... 2049 (150)

Q84 Please indicate a formal research question for Project #2 (i.e. in children with hydrocephalus under the age of 2 years, is new shunt (B) associated with improved quality of life (PEDSQL) compared to standard shunt (A)).

Q85 Three to four sentences of background and justification for the research question.

End of Block: POTENTIAL RESEARCH IDEAS/PROJECTS - Project #2

Start of Block: POTENTIAL RESEARCH IDEAS/PROJECTS - Project #3

Q40 Title of Project #3

Q88 Name of the Supervisor(s)

JS

Q49 Please indicate the anticipated start date of Project #3.

	Month	Day	Year
Please Select: (1)	▼ January (1 ... December (12)	▼ 1 (1 ... 31 (31)	▼ 1900 (1 ... 2049 (150)

Q86 Please indicate a formal research question for Project #3 (i.e. in children with hydrocephalus under the age of 2 years, is new shunt (B) associated with improved quality of life (PEDSQL) compared to standard shunt (A)).

Q87 Three to four sentences of background and justification for the research question.

Q50 Explain how these projects are aligned with One Child Every Child (<https://research.ucalgary.ca/research/our-impact/one-child-every-child>)? Please provide comments on the transdisciplinarity* of proposed projects: potential impact, excellence and innovation. Maximum 1 page.

***Definition of transdisciplinarity: the integration of knowledge across and beyond traditional disciplines. This integration may occur in partnership with non-academic partners and communities to address societal challenges and facilitate collaboration, shared learning experiences, and the evolution of knowledge through diverse perspectives.**

Q52 Declaration of protected research time

Briefly explain how the program will formally ensure that the research fellow's dedicated research time (70%) will be protected from clinical duties (30% or less). Maximum 250 words.

End of Block: POTENTIAL RESEARCH IDEAS/PROJECTS - Project #3
