1. Please choose the most appropriate description of the activity of this project from the drop down menu:

2. Does your project involve Indigenous Communities? Yes No

3. **Clinical Research Funding** - Is your grant application focused on the conduct of a clinical research project as defined below? Yes No

Clinical research focuses on preventing or treating health issues of Albertans, which can be accomplished in two ways: 1) directly involving human participants in prospective research (such as clinical trials or observational studies); or 2) utilizing health-related data to inform strategies for prevention or treatment. [Read more about Clinical Research Funding here.](#)

Briefly outline how your project meets the criteria for clinical research. (2-3 sentences)

4. Is this a re-submission? Yes No

Please provide a detailed description of the ways you have addressed the feedback given, and where these changes have been implemented. If you have any questions, please contact transdisciplinary@ucalgary.ca.
