

CREATE A RENEWAL- CHREB

GENERAL GUIDANCE

1. Ethics approval is valid for one year. Regulatory standards (i.e., [TCPS2](#), ICHGCP, 45 CFR 46, 21 CFR 56) and University of Calgary's [Research Integrity Policy](#) mandate that renewals are required on an **annual basis** to maintain approval.
2. Renewals are reviewed at either the **Full Board** (above minimal risk) or **Delegated board** (minimal risk) per **TCPS2** standards (Article **6.12**).
3. If your renewal requires Full Board review, you are required to submit early enough to ensure it is placed on an agenda prior to the expiry date. The CHREB meets twice a month (on the first and third Thursday of each month).
4. A study can be renewed **within 30 days of the expiry date**. **'Create a Renewal' button appears on study workspace 30 days prior to expiration date.**
5. Reminder notifications are sent at **30 days, 15 days, and 7 days** before the expiration date.

If you have Modification open during the renewal time period, you will not see 'Create a Renewal' button on Study Workspace. In order to complete the Renewal, please withdraw the modification.

6. Submitting a renewal indicates that data collection/interaction with participants is ongoing. If it is submitted by mistake, withdraw the submission or contact your REB administrator (via log comment to REB administrator) for guidance.
