STAND-ALONE VOLUMES

ASSOCIATION ACTIVITES

Subject Matter Eligibility (1)

- Applications to SSHRC are reviewed for eligibility based on SSHRC's General Guidelines for the Eligibility of Subject Matter respecting the following criteria:
 - The objectives of the proposed research or related activities must be primarily in the social sciences and humanities (aligned with SSHRC's legislated mandate).
 - The intended outcome of the research must primarily be to add to our understanding and knowledge of individuals, groups and societies.
- Applicants should apply to the agency that is responsible for the dominant research discipline or area as defined by the agencies' "Selecting the Appropriate Federal Granting Agency" and General Guidelines for the Eligibility of Subject Matter.
- For eligibility-related advice, applicants are encouraged to send a detailed summary (including the proposed objectives and expected outcomes) to the CG inbox: connection@sshrc-crsh.gc.ca

Two Ways to Apply

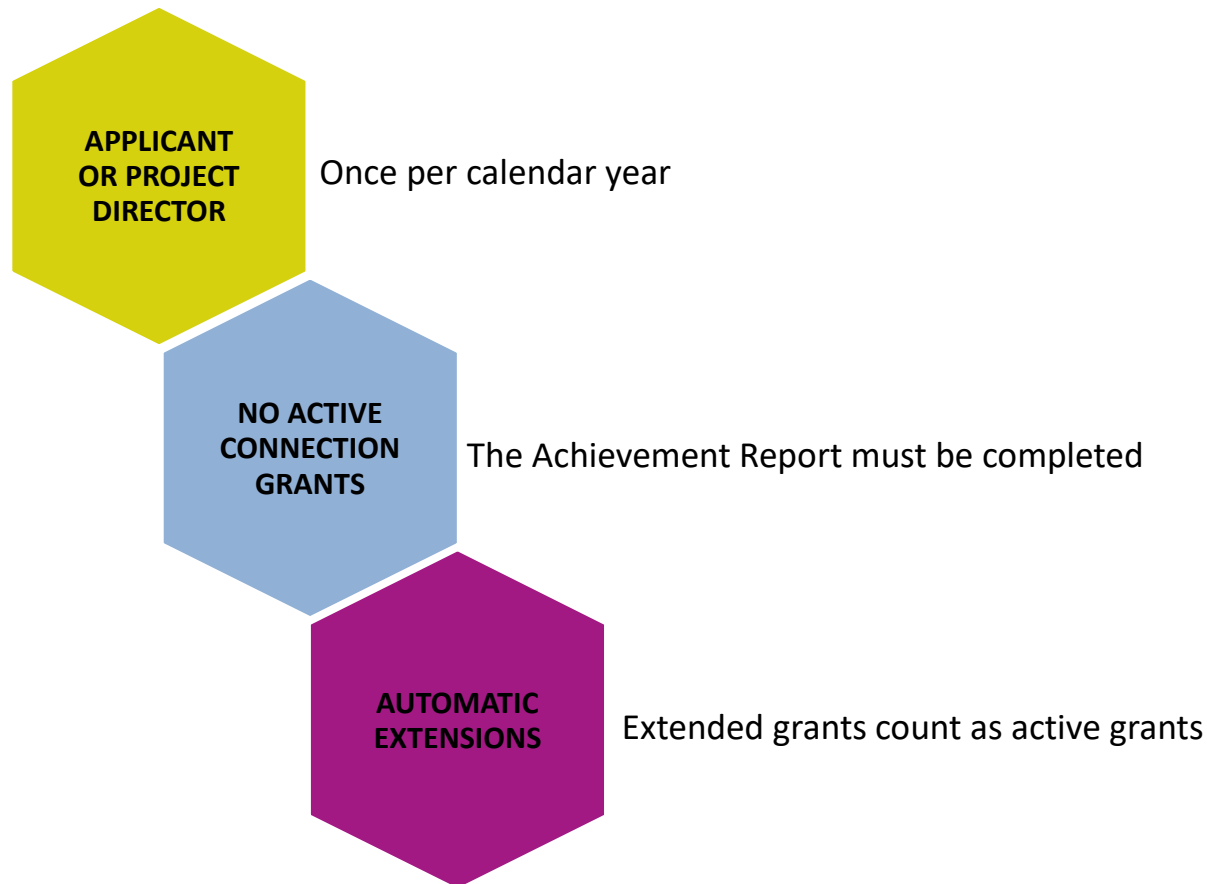

Submission Process

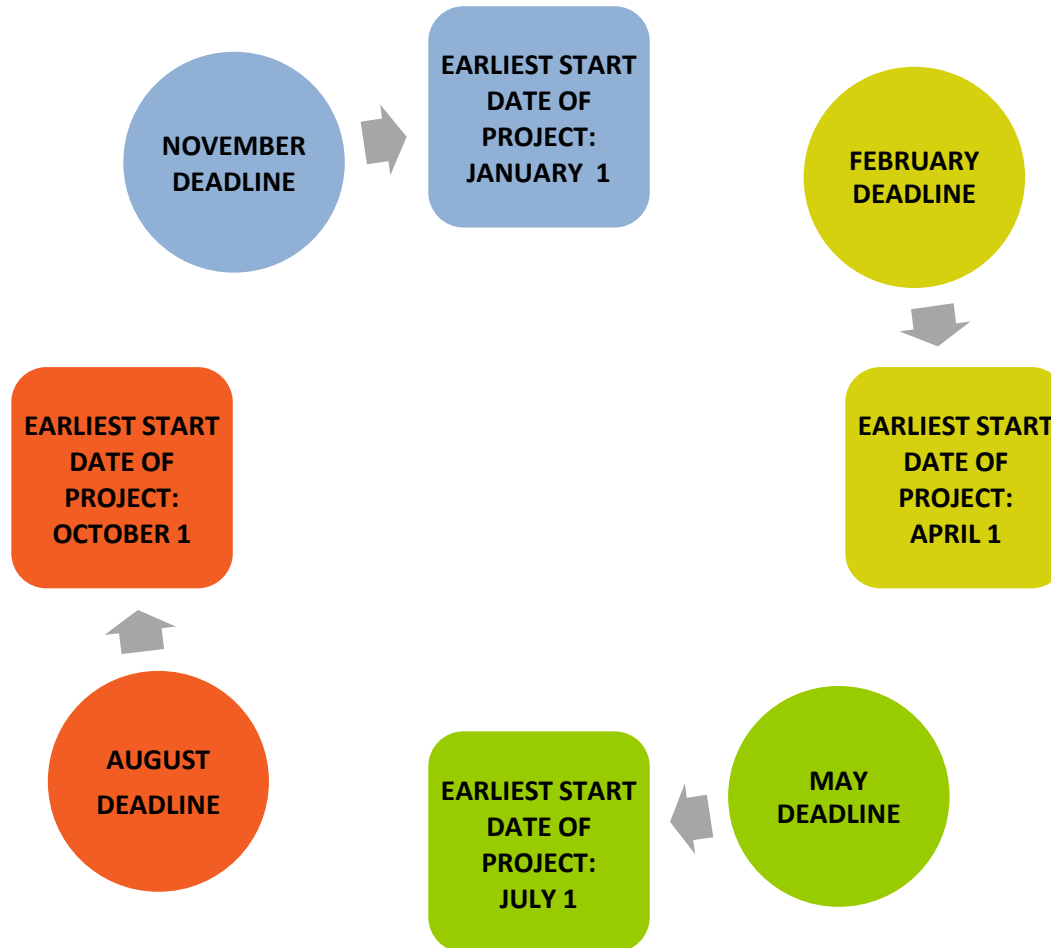

On SSHRC online system

- Applications submitted : Deleted 30 days after deadline date.
- Draft applications : Deleted if not accessed during a 12-month period.

Multiple Applications Regulations

When to apply?

Adjudication Process

Feedback

Connection Grants

Scores	Yes
Descriptors	Yes, if discussed and unsuccessful
Additional comments	Yes, if applicable
Sextile category	Yes
Ranking	Yes, if successful
External reports	No

Notification of Competition Results

To institutions

- Post-secondary institutions
 - Results accessible through GSAP
 - Notifications sent through CARA
- NFPs
 - Results sent to financial contacts via our extranet

To applicants

- Sent directly to applicants via our extranet
- Result packages contain
 - Notice of Decision, Letter of Decision
 - If applicable: Notice of Award, Terms and Conditions, and Committee Comment Form

Please see our [Service Standards](#) for the notification of results timeline

Support of Tools for Connection-Related Activities

- Applicants can use grant funds up to \$50,000 to develop connection-related tools for the purpose of knowledge mobilization activities.
- Please see our [Guidelines for support of Tools for Research and Related Activities application process](#) for more information.

Indigenous Research

In May 2015, SSHRC launched new initiatives to support and promote Indigenous research and talent development.

Indigenous research [statement of principles](#) will serve to guide the implementation of SSHRC's current and future activities.

A revised definition of [Indigenous research](#) clarifies research “by and with” Indigenous Peoples and emphasizes and values the existing strengths, assets and knowledge systems of Indigenous Peoples and communities.

[Guidelines for the Merit Review of Indigenous Research](#) are intended to assist committee members in interpreting SSHRC's specific Challenge, Feasibility and Capability evaluation criteria in the context of Indigenous research.

Research Data Management Capacity Building Initiative

- SSHRC intends to fund at least 10 meritorious proposals per competition to help the Canadian social sciences and humanities research community strengthen its capacity for data management
- Research Data Management Capacity Building Initiative applications are subject to the Connection Grants evaluation criteria and scoring. In addition, the merit review committee will evaluate the degree to which applications respond to the objectives of the call, as listed on this slide.

Research Data Management (RDM)

Capacity Building Initiative

Intended to fund activities that:

- develop and/or adopt data management standards, practices, tools and skills
- connect researchers or students with data management professionals and service providers
- share and develop knowledge and skills relating to data collection and storage, metadata, preservation, retention, sharing, credit and citation
- share and develop knowledge and skills related to data used or created in the context of Indigenous research
- enable the social sciences and humanities research community to meet the requirements of the [Tri-Agency RDM policy](#)

Accessibility in programs and services

- Raising research community awareness of accessibility services
- Methods of communication
- Types of adaptive measures
- Steps to follow when requesting an adaptive measure
- For more details, please consult this [webpage](#) launched in 2023
- If you have questions about accessibility, please send us an email to accessibility-accessibilite@sshrc-crsh.gc.ca

Frequently Asked Questions

My Connection project is strictly an Outreach Activity – who should I include as a Presenter?

For Connection projects, “Presenters” are not only people who will give a presentation at an event. Presenters are defined by SSHRC as individuals who will make an active contribution to the project’s objectives and/or the production of concrete deliverables (e.g. preparing exhibition materials, producing a podcast). You can think of them as participants.

Frequently Asked Questions

Are recurrent annual events eligible for Connection Grant support?

Yes, recurrent annual events are eligible for Connection Grant support, but you must demonstrate how the event differs from what was previously funded (e.g. what new knowledge is being mobilized, what new methods are being used).

Frequently Asked Questions

I have been invited to a conference abroad; can I apply for a Connection Grant to support my travel expenses?

No. Connection Grants are not travel grants. They are intended to support applicants and project directors who are running a knowledge mobilization event or activity. Connection funding can support applicants' travel costs and other expenses if they are organizing an event or activity abroad. In this case, the applicant must demonstrate within the application why the event needs to be held outside Canada and its potential to mobilize Canadian research on an international stage.

Frequently Asked Questions

Can students participate as co-applicants?

No. Students can only participate as collaborators. Moreover, if a student is a collaborator on the project team, they cannot be paid a stipend or a wage from the grant.

Frequently Asked Questions

Can my application include bursaries to encourage increased student attendance?

No. Students must have an active role in your Connection project in order to be eligible for support.

Frequently Asked Questions

How do I know if something is eligible for SSHRC support?

SSHRC grants are governed by the Tri-Agency Guide on Financial Administration. If you are not sure whether something you are proposing would be eligible, please contact us. Funding opportunity eligibility rules will be considered alongside Tri-Agency Financial Administration rules – meaning that eligible and non-eligible expenses specific to the Connection Grants prevail over eligible and non-eligible expenses outlined in the Guide.

Frequently Asked Questions

I just learned that my Connection Grant proposal was not successful. Can I resubmit for the next competition?

Individuals, as applicants or project directors, can only apply to the Connection Grants funding opportunity once per calendar year.
